*"Mission of the Infantry
in the attack is to close with the enemy and
destroy him"*

FM 100-5

1 October 1945.

Dear Friends:

We have successfully completed three and a half years of active duty in the service of the United States, and our present mission is now completed. Once again the colors of this regiment will be laid away awaiting the time when they again will be needed. We have contributed a great deal to the successful conclusion of the battles in Europe and performed our job in a commendable fashion.

In combat, we make friends that are everlasting, and in order to insure these friendships, we who are performing the last rites of a grand organization, are attempting to form a veterans organization. The purpose of such an organization is to continue the good relations among all the Armored Doughboys who served with us and to continue to present through our newspaper the latest news of those members now living.

As a first step in maintaining our friendship, we have listed the home addresses of those members who have, at one time or another, served with the Regiment. Addresses will change, and if you find that yours is not correct, please notify us in order that our "List of Corrections" will remedy this situation.

I want to outline, now, our proposal for forming our veterans association. A five man Board of Directors must be selected, one member to be designated as President and one to be designated as Secretary. From the list of members of the Regiment, you are invited to choose your vote. In order to cover the interim from now until the time when such a board is selected, I will act temporarily as Secretary. You may address all correspondence to the following address:

Lt. Col. William R. Orr
Secretary Spearhead Doughboy Association
Box 43
Albuquerque, N. M.

In order to defray initial expenses, it will be necessary for each applicant for membership to enclose 25cents initiation fee. This amount will apply against whatever fee might be set by the Board of Directors at their first meeting. The fund then accumulated will be receipted and accounted for by myself and will be used to defray the cost of accounting and bookkeeping required and to finance the first meeting of the Board of Directors.

Another point to be clarified is the publication of the "Spearhead Doughboy." MSgt. Robert Minshall has agreed to continue publication of the paper, and therefore we urge you, as soon as possible to give us news of yourself and your family by mailing it directly to MSgt. Minshall. It is intended that the paper be published once a month with the same aim in mind as we had when the Regiment was intact — to give you news of the men of the Regiment.

One of my principal aims in backing the veterans organization so whole heartedly is to establish an Educational and Welfare Fund for the assistance of the family, and particularly the children, of our buddies who have fallen in the service of their country. I believe you can all see the usefulness of such a fund, but it is a matter that will have to be settled by the Board of Directors.

There never was, nor ever will be, another Regiment such as ours, for in it we have collected the finest congregation of the most determined fighting men the Army has produced. Since the end of the war some men have joined us from other fighting armored units, and they too know the role that the Armored Doughboy has to play. After holding together throughout the months of combat, it would be unfortunate, if as civilians we spread across the country and forgot the days we have spent together. If you are interested, send your votes in immediately in order that we can get under way.

Sincerely,

William R. Orr
